

Tender Details

School-Based Children Health Screening (ILMpact Project)

ITA invites **qualified and experienced healthcare service providers** to submit proposals for the implementation of **School-Based Children Health Screening** in selected districts under the ILMpact Project.

1. Project Overview

The project aims to conduct **comprehensive school-based health screenings** for children in the following districts:

- **Bahawalpur (Punjab):** 29 schools
- **Swabi (Khyber Pakhtunkhwa):** 25 schools

The activity targets approximately **25,000 children**, with final numbers to be confirmed upon completion of field activities.

2. Scope of Work

The selected vendor will conduct school-based health screenings covering:

- **Vision Screening**
- **Hearing Screening**
- **Physical and General Health Screening**
- **Uniformed tools, formatted and data base endorse by british council and other partners of ILAMPACT project will be used in the health screening process**

Disability Screening

- To be implemented solely by the vendor.
- ITA's role is limited to coordination and facilitation.
- All Disability Screening activities must be clearly branded as **“Disability Screening”**, separate from Health Screening.
- ITA staff will **not be present** during Disability Screening activities.

3. Implementation Approach

- Screening will be conducted using a **four-desk model**:
 1. Registration & Child Profiling
 2. Vision Screening
 3. Hearing Screening
 4. Physical & General Health Screening
- Coordination with school management and district authorities.
- Child-friendly, hygienic, and confidential screening practices.
- Use standardized **SOPs and tools**.

4. Staffing Requirements

Vendors must deploy qualified teams including, but not limited to:

Position	Minimum Qualification	Notes
Medical Doctor (Team Supervisor)	MBBS, PMC registered	Clinical supervision, referrals
ENT Technician	Diploma / Certification	Hearing screening
Optometrist / Eye Technician	Diploma / Certification	Vision screening, flag children needing assistive devices
Physiotherapist	Degree / Diploma (licensed)	Physical assessment, referral recommendations
Data Entry Operators / Enumerators (2)	Intermediate / Bachelor	Record data, digitize results, maintain confidentiality

Gender-sensitive staffing is preferred.

5. Equipment & Materials

Vendors must provide all required equipment, including:

- Snellen charts, occluders, torchlights
- Otoscopes, whisper test tools, portable audiometry
- Anthropometric tools, measuring tapes, examination mats

All equipment must be **hygienically maintained** and used by trained staff.

6. Timeline

- Commencement: Immediately after signing the agreement in **January 2026**.
- Screening in both districts will run **simultaneously**.
- **Final completion deadline:** 20 February 2026.

7. Payment Information

8. Reporting Requirements

- Digitized child-level screening data
- Summary of key findings and referrals
- Daily disability screening data (digital & hard copy)
- Field documentation and attendance records
- Reports must comply with **ITA-approved formats**

9. Confidentiality & Legal Compliance

- Strict confidentiality of child data is mandatory.
- Compliance with national child protection, medical, and data protection laws is required.
- Vendors must comply with all applicable **federal and provincial healthcare regulations**.

10. Proposal Submission

Interested vendors should submit:

- Organizational profile and relevant experience
- Technical approach and staffing plan
- Financial proposal (unit cost basis)
- Implementation timeline
- Legal, tax, and registration documents
